Facilities available in the department are:-

1. In a separate OPD block, around 150-200 patients are consulted daily on outdoor basis.
2. There are 2 male, 2 female and 1 de-addiction ward in the department where about 8-10 seriously ill patients are admitted daily for the inpatient treatment & care.
3. Department is running in new building DIMHANS under **one regular unit** which has 50 bed strength (40- psychiatry beds + 10- deaddiction beds).
4. All essential psychiatric services as electro-convulsive therapy, behavior therapy, narco-analysis, rTMS, biofeedback, video EEG, different psychological tests etc. are being provided.
5. Disability certificates are made daily for the mentally retarded or mentally disabled persons.
6. Mental health services to prisoners are provided on regular basis.
7. Department organizes public awareness programs like mental health week, world schizophrenia day, world Alzheimer's day to increase awareness in general population about mental illnesses and their treatment.
8. A program "MUKTI" under community mental health services is supported in Sangaria (Hanumangarh district) aimed to de-chain the patients with serious mental illness.

National Mental Health Program

1. By the fund sanctioned for upgradation of psychiatric wing of S.P. Medical College, Bikaner in Jan. 2009, occupational therapy seminar hall and psychotherapy unit was constructed and various instruments essential for diagnosis and treatment were arranged.
2. With the help of 1st installment of Manpower Development Scheme-B (NMHP) a PG seat has been increased in MD Psychiatry.
3. Standing committee of central government has approved our centre for starting P.G. seats in Clinical psychology, Psychiatric social work and Diploma in Psychiatric nursing. The department is constantly working hard with an aim to provide best possible mental health services to the needy people.
