Dental Department Information

- Dental department SPMC in providing services since the day it was established at PBM hospital. It is well equipped to provide dental facilities with 4 dental units including all attachments.

- All the procedures done here are free of cost. The facilities provided here includes:

1. Tooth extraction
2. Scaling
3. Enucleation-Marsupialization of cyst
4. Excision of tumors like; Ameloblastoma, Giant cell lesions etc.
5. Open reduction and immobilization of Maxillary, Mandibular and Zygomatic fractures with bone plating
6. Closed reduction of fractures by Inter-maxillary ligation
7. Surgeries like: Gingivoplasty, Gingivectomy and flap surgeries.
8. Incisional and Excisional biopsies.
9. Surgeries for TMJ ankylosis like gap and interpositional arthroplasty etc.

- Patient education is also an important part of our day to day work which includes teaching-proper brushing techniques, maintaining good oral hygiene, hazards of tobacco products and motivating patients to stop eating tobacco products and for regular dental checkups.

- We have two operation theater days in a week for conducting procedures under General anesthesia.

- We have separate male and female wards with 8 beds and 4 beds respectively.
- The total number of outdoor patients is approx. 200 per day.
- The indoor patients in approx. 120-150 per month.

- The projects currently running are:
 1. Prevalence of fluorosis in Bikaner city (Dental and skeletal)
 2. Co-relation of Chronic periodontitis and Chronic heart diseases
- Our department conducts regular CDE programs in every 3 months.

State dental conference was organized in January 2010 by dental department in collaboration with IDA Bikaner branch
