

**Department of Pathology, J.L.N. Medical College, Ajmer**

**Publications**

S.No.	Faculty Name	Author I	Journal National/ International	Topic
1.	Dr. Geeta Pachori	I	National	Ultrasound Guided Fine Needle Aspiration Cytology of Intrabdominal Masses - A Diagnostic Technique
2.		I	International	Scar Endometriosis – Diagnosis by Fine Needle Aspiration Cytology
3.		I	International	Malignant Tumors of testis in Ajmer Region
4.		I	International	Histopathological study of ovarian tumors in Ajmer region
5.		I	National	Immunohistochemistry for detection of ER(Estrogen Receptor ) PR ( Progesterone Receptor) and HER-2 /Nu Receptor status and correlation with Histopathological grading in Breast Carcinoma . A study at a tertiary care centre in Ajmer Region
6.		I	International	Study of Haemoglobinopathies and Hb Variants in Ajmer Region, Using HPLC
7.		I	International	A Study of Spectrum of Skin Adnexal Tumors in Ajmer Region
8.		I	International	Evaluation of Lung Tumors by Cytopathology in I Ajmer Region Rajasthan
9.		I	International	Clinicopathological Study of CNS Tumors in Ajmer Region
10.		I	International	Histopathological spectrum of salivary gland lesions in Ajmer region, Rajasthan, India
11.		I	International	A study of seasonal variation in dengue fever in Ajmer region
12.		I	National	Spectrum of Cutaneous tumors and Cysts at a Tertiary Care Centre
13.		I	International	Cytomorphological Study of Body Effusions
14.		I	International	Study of immunohistochemical marker HER2/NEU Receptor in Ovarian neoplasms
15.		I	International	Utility of image guided fine needle aspiration cytology in intra-thoracic lesions with emphasis on lung cancer detection
16.	Dr. Neena Kasliwal	I	International	Gastroduodenal Tuberculosis presenting as Gastric Outlet Obstruction
17.		I	National	Usefulness and Accuracy of Fine Needle Aspiration Cytology in Thyroid Swelling
18.		I	National	Computerised Tomography Guided Fine Needle Aspiration Cytology of Lung masses
19.		I	National	FNAC as reliable pre-operative diagnostic test in nodular Skin Lesions
20.		I	International	Benign Cystic Mesothelioma
21.		I	International	Comparative Study in the Diagnosis and Morphological Classification of Acute Leukemia in Automated Haematology Analyser With Peripheral Blood Smear
22.		I	International	Usefulness of Preoperative FNAC of Thyroid Swelling Along with Application of Bethesda System Of Reporting
23.		I	International	Pattern of Prostatic Disease- A histopathological study with clinical correlation
24.		I	International	Adjunctive Role Of Immunohistochemistry in Analysis of Small Round Cell Tumour-A Tertiary Care Centre Study
25.		I	International	Malignant Adenomyoepithelioma of the Breast with Lymph node Metastasis
26.		I	National	Study of Breast Cancer In Young Females In Ajmer Region.
27.		I	International	Histopathological study of CNS tumors: A 3 year study in a tertiary care centre in Rajasthan, India,
28.		I	International	Clinicopathological Study of Uterus and Cervix in hysterectomy specimens in Ajmer Region,
29.		I	National	A study of variation in Platelet parameters in Pregnancy
30.		I	International	Study of histopathological spectrum of urinary bladder lesion biopsies in Ajmer Region
31.		I	International	Study of histopathological spectrum of soft tissue tumors in Ajmer Region
32.	Dr Kusum Heda	I	National	Clinicopathological profile of breast lesions at tertiary care centre: a study of 100 cases
33.		I	International	Primary Peritoneal Serous Carcinoma- A Diagnostic Dilemma of Pelvic Epithelial Neoplasm
34.		I	National	Role of FNAC in cloinical diagnosis of head and neck lesion

35.		I	International	Histological classification of Atherosclerosis and correlation with ischemic diseases. An Autopsy based study
36.		I	International	Histopathological study of Thyroid Lesion at Tertiary care center. A study of 100 cases
37.		I	International	Study of cervical cancer screening using PAP Smear test in Tertiary care center
38.		I	International	Diagnostic role of CBC in Beta thalassemia
39.		I	International	clinicopathological study of carcinoma Prostate
40.	Dr. Vandana Porwal	I	International	Spectrum of Liver pathology in Autopsy cases: a study at Ajmer
41.		I	International	Histopathological classification of Atherosclerosis and correlation with ischemic heart disease, An autopsy based study
42.		I	International	Spectrum of placental changes in pregnancy induced hypertension
43.		I	International	P M studies of Alcoholic and Non Alcoholic Liver diseases in Ajmer Region
44.	Dr. Swarnlata Ajmera	I	International	Histopathological study of Urinary Bladder Tumor- A ten year study
45.		I	International	Histopathological Spectrum of Lesions in Nephrectomies- A Five Year Study
46.		I	International	Clinicopathological study of 500 cases of Hysterectomy
47.		I	International	Diagnostic Efficacy Of Endometrial Aspiration Cytology With Histopathological Correlation.
48.	Dr. Seema Gupta	I	International	Eccrine Skin Adnexal Tumors: An Institutional Based Clinicopathological Study
49.		I	International	Evaluation of Histopathological changes in Gall bladder mucosa in Gall bladder stone patients: An institutional based prospective study
50.		I	International	To study the pattern of various cervical lesion
51.	Dr. Rashmi Sharma	I	International	Role of Bone Marrow Aspiration and Trephine Biopsy in the diagnosis of various bone marrow pathology especially hematopoietic disorders
52.		I	International	The Role Of Fine Needle Aspiration Cytology In The Diagnosis Of Cervical Lymphadenopathy Of Various Causes
53.		I	International	Study of cytomorphological pattern of tubercular lymphadenitis and its histopathological correlation
54.		I	International	Utility of image guided fine needle aspiration cytology in intra-thoracic lesions with emphasis on lung cancer detection
55.	Dr Kalpana Sharma	I	International	Are we assessing them right? A study on the content validity of undergraduate pathology question papers and role of blueprinting in assessment
56.		I	International	Relevance of Autopsy As a Diagnostic Tool in Present Times: A Study
57.		I	International	Histopathological reporting of Actinomyces colonies in tonsils- Utility or not? A retrospective study
58.	Dr Shilpa Jalan	I	International	A comparative evaluation of USG-guided FNAC with conventional FNAC for preoperative assessment of thyroid lesions.
59.	Dr. Shashibhushan Tailor	I	International	Ultrasound Guided Fine Needle Aspiration Cytology of Liver lesions. A prospective study
60.	Dr. Dinesh Beelwal	I	International	A post mortem study of coronary Atherosclerosis and relationship to Myocardial Infarction in Ajmer
61.	Dr. Priyanka Bansod	I	International	Clinical use of blood and urine components in Tertiary Health Care centre in Northwestern India
62.	Dr. Neha Mishra	I	International	Profile of eyelid lesions: A histopathological study of tertiary care center in
