Two students awarded short term studentship by ICMR

Two students Dushyant Singh and Sakshi Singhal, both from Second Year MBBS (2016 batch) were awarded Short Term Studentship for the year 2018 by ICMR. This selection was done from a wide pool of applicants.

While Dushyant would be conducting a study on Reverse Osmosis processed drinking water, more commonly known as RO water in his project, Ms. Sakshi would be focussing on diabetic risk factors in her project.

ICMR will give a stipend and award certificate, in case the report submitted after the completion of the project report is approved.
