

# Govt. College Of Nursing (GCON), Jodhpur

## History

The lack of higher government institutes of nursing in the whole of western Rajasthan was felt deeply by the Nurse progressive thinkers. The need for bettering nursing through the establishment of an institution for higher education in nursing was felt deeply and thus this ideology grew and took the form of “ Govt. College of Nursing, Jodhpur”. The objectives of the college were to develop university level nursing studies leading to B.Sc. N degree, Post Basic B.Sc. N and M.Sc. N degree for registered nurse midwives, for leadership positions in education, administration and selected nursing specialties with the ultimate aim of improving patient care standards.

With the indomitable support and the presence of our honourable Chief Minister Shri Ashok Gehlot, the foundation stone of “ Govt. College of Nursing, Jodhpur” was laid on 09 September 2012 at Mathura Das Mathur Hospital Campus, Jodhpur.

After Indian Nursing Council (INC), New Delhi and Rajasthan University of Health Sciences (RUHS), Jaipur, inspected and approved the college, the first batch of B. Sc. Nursing (4 year course) was inducted in the year 2012. Progression is the hallmark of growth which was manifested by the recognition of this college by the INC and the RUHS for M.Sc. Nursing course (2 year) and Post Basic B.Sc. Nursing (Post GNM Diploma, 2 year course) and they were started in the year 2013 and 2014 respectively.

Thus this college is recognized by INC, New Delhi, affiliated to RUHS, Jaipur, Raj., and comes under The Directorate, Medical Education, Govt. of Rajasthan, Jaipur.

The construction of this college building and hostel for both boys and girls was funded by the state government and by centrally sponsored scheme for the up gradation of nursing schools to college. The building was almost completed and the college which was earlier run in the make shift building in Umaid Hospital campus, Jodhpur was transferred to this building in the year 2016.

Currently, 10<sup>th</sup> batch of B.Sc. Nursing, 8<sup>th</sup> batch of M.Sc. Nursing and 7<sup>th</sup> batch of P.B.B.Sc. Nursing students are pursuing their respective degrees.

Along with these degrees, this college is also the study center of IGNOU, New Delhi, for various certificate courses like Community Health, First Aid and Diploma in Nursing Administration and Critical Care Nursing.

Following is the course wise seat details which is filled by the unified entrance test conducted by the Rajasthan University of Health Sciences, Jaipur –

Name of Course	No. of Seats				
B. Sc. Nursing (4 Years)	100				
P.B.B.Sc. Nursing (2 Years)	20				
M.Sc. Nursing (2 Years)	25				
	Med. Surgical Nsg.	CHN	OBG Nsg.	Child Health Nsg.	Psychiatric Nursing
	07	04	05	04	05

This college is under the awning of Dr. S.N. Medical College, Jodhpur, it has a large clinical area where its students get wide spread exposure in all the required fields, be it medical surgical nursing with super specialty areas like Cardiology, Cardio – thoracic and vascular, Neurology, Neuro – surgery, Urology, Trauma, Urology, Orthopedics and rehabilitative surgery, Gastro – enterology, Endocrinology, ENT, Ophthalmology or Obstetrics & Gynecology, Pediatrics, Psychiatry, Geriatrics, Communicable diseases and ART center with more than 2200 beds in total in the various hospital under it.

The community areas where the students get their field experience are CHC, Banad, and PHC, Bisalpur, UHTC, Bhadwasiya.

Thus the students have well rounded development through the fruitful completion of their respective syllabi.

## **Information to Parents/Guardians**

All efforts on the part of the college, however sincere and dedicated it may be, will go all set unless wholehearted cooperation comes from the guardians of the students as well as the students themselves. The process of learning is always like two-way traffic. Therefore, a close, consistent and integrated interaction between the college and the guardians are most essentially required. The college has laid down an open clear administrative and academic plan. The college provides the services of the best possible highly qualified and experienced teaching faculty. It provides a congenial and educational environment to the students in the college. Efficient arrangements of practices are undertaken along with theory. A cumulative record of the performance of the students is maintained, and the guardians are duly informed of the progress of their wards. Internal examinations/monthly tests are conducted and the guardians are duly informed.

In order to see an efficient functioning of the college, all guardians are requested to lend a helping and cooperating hand to the working teams, both on the administrative and academic sides.
